

HeadMaster[®] OnDemand

Access all of your school data anytime, anywhere

The HeadMaster OnDemand hosted database solution from ACS Technologies[®] has all the features you need to manage K-12 educational programs online anytime, anywhere. HeadMaster OnDemand gives users online access to all school operations including tuition accounts, pre-enrollment records, student grading, attendance, and classroom management data. Hosted and maintained by ACS Technologies all information stored in OnDemand is backed up and secured by ACS Professional services.

DISTINCTIONS

- Accessible anytime from anywhere with internet access
- Available for all of your ACS solutions
- Your data maintained, updated and backed-up for you
- Secure network with 24 hour support

WORKS WELL WITH

- All HeadMaster Software™

"Our teachers can't believe how much information they have access to and how easy it is to keep their assignments and grades updated. They can print out all of the reports and lists they need whenever they need them."

Mary Louise Finklea—
Director of Technology,

USES

- Administration can access all school information from anywhere, anytime.
- Teachers can login to OnDemand at any internet access point to retrieve student and class data as and when they need it.
- A part time bookkeeper can login outside of office hours to record payments and monitor outstanding accounts.
- Parents can view student academic progress on the web from home.
- Students benefit by looking up homework and missing assignments.
- Schools with limited hardware budgets and/or minimal technical expertise can have an affordable, low-maintenance, ACS hosted school administration solution.

FEATURES

Administrative Logins

Administrators can organize all family and student records to efficiently maintain registration, pre-enrollment, and enrollment activities. Build staff, teacher, and class files to create rosters, schedules, and lists for managing daily school activities. Track attendance, behavior, and academic records to generate report cards, progress reports, and transcripts. Choose from more than 100 pre-designed reports to print directories, emails, and notices.

Teacher Logins

Teachers can track and store information related to the classes they teach. Information entered by teachers is immediately made available to all administrative staff throughout the HeadMaster OnDemand solution.

Parent Logins

Parents may view student's assignments, grades, behavior reports, attendance records, and tuition account information online.

Tuition Management

HeadMaster Billing makes it simple to organize, record, post, and view payments directly in ACS Financials for a fully integrated fundbased accounting solution.

Worry Free Network

ACS Professional Services will provide:

- Hosting Server hardware repairs, upgrades, and replacements
- ACS Hosting Server operating system upgrades, patches, fixes, software upgrades, and service packs
- ACS software revisions and updates 24 hour network support for connection to server
- Remote data backups and secure off-site fireproof storage
- Disaster recovery

Data Conversion

With the purchase of the OnDemand School solution package clients receive a basic data conversion service, including:

- Importing files from student, parent, teacher, staff, and emergency contact records.
- Importing records from most databases or Excel[®] files.
- Upgrade is available, for an additional fee, to convert permanent records and alumni records.

Data Security

Your data is encrypted, meeting the standard security protocol for data hosting (128bit SSL). In addition to this ACS Technologies guarantees your data is secure with:

- Firewall
- Remote data backups and secure off-site fireproof storage
- Disaster recovery

Site Security

- Secure server access limited to network administration staff only

New Client Orientation Series

FREE access to HeadMaster Orientation Series, a set of online videos and resources designed to take administrative users through setup and provide you with teacher and parent training models. Other training options – available for an additional fee – include group classes either at the annual convention or online. Customized onsite or phone training is led by certified trainers with hands on experience.

SYSTEM REQUIREMENTS

- Windows 95, Windows 98, Windows NT workstations, Windows 2000 Professional, Windows XP Professional and Windows XP Home
- High speed or dial-up internet connection
